

Executive Director, US Patient Advocacy

Job ID
393361BR
May 02, 2024
USA

Summary

Onsite Location: East Hanover, New Jersey Hybrid #LI-Hybrid The Executive Director, US Patient Advocacy, will define the company's patient advocacy priorities and oversee advocacy group collaborations that educate and activate patients to seek optimal care, break down barriers to patient access, and bring patient insights into the company. As a member of the US Communications and Patient Advocacy leadership team, this leader will help drive an evolution of the function, embedding a data and insights-driven approach to enhance our impact and shape the environment in which we operate.

About the Role

Your Key Responsibilities:

- Lead, inspire and develop a stable, high-performing patient advocacy team
- Ensure deep understanding of patient needs across Novartis' therapeutic areas of focus to inform our work across the organization
- Set a vision for the Patient Advocacy team's focus and desired impact
- Establish processes, systems, governance and trainings to support the team's success
- Align with cross-functional partners on new focus and ways of working
- Lead a comprehensive review of Novartis' US grants platform and implement plan to improve functionality and user experience
- Ensure effective and efficient ways of working with other functions that engage with patient advocacy groups (Patient Engagement in R&D and Issues Advocacy in US Public Affairs)
- Ensure integrated planning across Corporate Affairs
- Manage external agencies, ensuring accountability for impact and delivery to budget
- Expected travel: 10-20% travel (US and/or international)

Role Requirements:

Essential Requirements:

- Bachelor's degree and 15+ years of experience working in the pharmaceutical, biotech, healthcare, medical devices industry
- Understanding of commercial business and levers of growth
- Ability to cultivate high-performing teams, setting a vision and leading through change
- Demonstrated track record of cross-functional collaboration

- Executive presence and influence
- Ability to prioritize & maximize resources
- Strong analytical skills and an ability to generate insights and develop relevant action plans
- Agility and curiosity; comfortable with challenging current thinking, continually seeking and learning from new external and internal perspectives

Desirable Requirements:

- Prior experience implementing system and process changes to enhance operational effectiveness
- Complementary experience working in pharmaceutical/biotech communications, marketing or medical affairs, or within a patient advocacy group

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other.

Combining
