

Hematology Medical Lead

Job ID
REQ-10011207
Jul 11, 2024
Argentina

Summary

In line with overall product strategy, the Medical Lead is responsible for supporting the design, implementation and execution of Medical Affairs plans for assigned Therapy Area, providing scientific information, helping design & organise clinical studies, building educational dialogue with ME and regulatory stakeholders.

About the Role

Are you ready to take your career in research to the next level? Novartis Ag is seeking an exceptional candidate for the position of Hematology Medical Lead. As a world-class leader in the pharmaceutical industry, Novartis Ag is committed to improving patient outcomes and driving innovation. This is a unique opportunity to make a significant impact in the field of hematology research.

Responsibilities:

- Lead and oversee all aspects of hematology research projects, including study design, data analysis, and interpretation of results.
- Collaborate with cross-functional teams to ensure the flawless execution of research activities.
- Develop and implement innovative strategies to advance the understanding of hematologic diseases.
- Drive the successful implementation of clinical trials and ensure compliance with regulatory requirements.
- Provide medical expertise and guidance to support the development of novel therapies.
- Present research findings at conferences and contribute to scientific publications.

Requirements:

- A proven track record of conducting and publishing high-quality research in the field of hematology.
- Strong knowledge of hematologic diseases and their underlying mechanisms.
- Exceptional analytical and problem-solving skills to determine the most effective research approaches.
- Strong communication and presentation skills to effectively collaborate with individuals both inside and outside the organization.
- Ability to lead and motivate cross-functional teams to achieve ambitious research goals.
- Strict adherence to ethical guidelines and regulations governing clinical research.

Novartis Ag is dedicated to fostering an inclusive and diverse work environment. We embrace equal opportunity and provide reasonable accommodations/adjustments to qualified individuals with disabilities. We encourage applicants from all backgrounds to apply.

Join our team of passionate researchers and contribute to groundbreaking advancements in hematology. Be

part of a company that values collaboration, innovation, and excellence. Apply now to become our Hematology Medical Lead and be at the forefront of transforming patient care.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives.
