

Life Cycle Program Manager

Job ID
REQ-10011946
Jun 21, 2024
Poland

Summary

2-4! This is the number of Supply Chain Life Cycle programs that you are going to manage as Life Cycle Program Manager end-to-end. You lead, plan and organize program activities to achieve our strategic objectives. Come join us and become a part of our world. Together we can discover new ways to improve and extend people's lives.

About the Role

Location: Warsaw, Poland #LI-Hybrid

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you.

Key Responsibilities:

- Plan and deliver the program and its activities in accordance with the mission and the goals of the organization.
- Develop and implement long-term goals, key milestone planning and objectives to achieve the successful outcome of the program.
- Work closely with project managers to track progress and provide updates on any changes in strategy or priorities.
- Drive program related communication, stakeholder management and facilitate across functions to ensure awareness, alignment and buy-in.
- Report to senior management on the progress of individual projects and the overall program.
- Support and coach global and local project managers and acts as first escalation body.

Essential Requirements:

- University degree (chemistry, pharmacy or chemical engineering) and/or business administration advantageous.
- English - fluent, German - desirable, 3rd language - a plus.
- Minimum of 5 years' experience, including at least 2 years in various pharmaceutical functions e.g. supply chain / production and/or technical development.
- Experience in project management and product life cycle management, leading cross-functional global teams.

Desirable Requirements:

- Good understanding of pharmaceutical or food industry supply chain processes and lean philosophy.
- Intercultural experience and ability to act in a complex and rapidly changing business environment.

Commitment to Diversity and Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse teams' representative of the patients and communities we serve.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together?
