REQ-10016386
Jul 19, 2024
Canada

Summary

About the role : Location: Toronto, #LI-Hybrid About the role : Through innovative channels, you can be part of a team that educates HCP to use the right medicine at the right time to help drastically improve the quality of life for patients. Novartis has the resource and passion to use science-based innovation to deliver better patient outcomes in growing areas of healthcare. This position reports to the Medical Director, Medical Affairs.

About the Role

Key Responsibilities:

- Accountable for the medical content of medical education initiatives, ensuring comprehensive, high quality, scientifically correct and consistent non-promotional and balanced information
- Accountable for the development, implementation, execution and follow-up of all initiatives falling under MedEd responsibilities (education, sponsorships, accreditation, speaker training, etc.)
- Is abreast of Global offerings with the objective of providing Canadian MEs opportunities to attend Standalones, Preceptorships or other educational initiatives
- Interface with Medical and Commercial functions of assigned brand(s) to develop and ensure optimal implementation of medical education initiatives through ongoing communications and presence at key meetings (NPM, Brand Team, etc.)
- Collect, analyze and synthesize medical education information, data, insights and competitive information relevant to the assigned brand, and share with relevant internal customers.

Essential Requirements:

- Advanced Science degree (e.g. MSc, PhD, PharmD) with relevant experience in pharma environment with emphasis on training and education
- Experience: 5 Years +
- Must possess a thorough understanding of the guidelines relevant to the pharmaceutical industry, and ensure compliance with these external as well as internal guidelines: P3, PAAB, IMC
- Broad understanding and expertise in CHE, Medical Education, Adult Learning Principles, Accreditation and Evaluations.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other.

Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together?
