

Sr. Specialist –Wireless Network Engineering

Job ID
REQ-10017203
Jul 30, 2024
Czech Republic

Summary

Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you. The Sr. Specialist for Wireless Network Engineering is responsible to Design, implement, maintain, document, and troubleshoot Novartis Next-Generation Wireless infrastructure. The main goal is to ensure that the wireless network operates smoothly, securely, and in line with the business requirements. This involves primarily working with Wireless protocols, technologies, and infrastructure to establish reliable and efficient communication between systems and users. #LI-Hybrid

About the Role

Key Responsibilities:

- Designing/Implementing Wireless Solutions
- Troubleshooting and Monitoring enterprise wireless networks (Cisco, Aruba)
- Writing Documentation, collaborating cross functions, and support (HLD, LLD, Vendor management)
- Continuous Learning and development within wireless network space
- Change and Problem Management, as well as issue resolution when needed
- Proof Of Concepts for new solutions together with architects
- Support EMEA normal business hours (8AM-5PM, No Rotational shifts), with occasional support to US team

Commitment to Diversity & Inclusion:

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Essential Requirements:

- Bachelor's degree in computer science, Information Technology, or a related field.
- Cisco Certified Network Professional (CCNP) or CCIE or equivalent level from other vendors.
- 8+ years of experience in Designing and Implementing Next-Gen Wireless Networks.
- Previous experience of working as a SME/Lead Engineer for Cisco Unified Wireless

- Familiarity with RF planning and capabilities of performing site surveys using one or more tools (Ekahau, AirMagnet etc.)
- Strong analytical and troubleshooting skills.
- Proficiency in creating architecture documents (HLD/LLD/Work Instructions)
- Excellent communication and collaboration skills, and ability to work in a fast-paced, dynamic environment.

You'll receive (CZ only):

Monthly pension contribution matching your individual contribution up to 3% of your gross monthly base salary; Risk Life Insurance (full cost covered by Novartis); 5-week holiday per year; (1 week above the Labour Law requirement) ; 4 paid sick days within one calendar year in case of absence due to sickness without a medical sickness report; Cafeteria employee benefit program – choice of benefits from Benefit Plus Cafeteria in the amount of 12,500 CZK per year; Meal vouchers in amount of 105 CZK for each working day (full tax covered by company); Car Allowance; MultiSport Card.
