

Health Economics and Outcomes Research Manager

Job ID
REQ-10022816
Nov 01, 2024
United Kingdom

Summary

The purpose of the HEOR Manager role is to: manage the development of HTA strategies and plans which are aligned to brand plans for new and existing products; manage cross-functional teams in the development and submission of evidence dossiers to NICE, SMC and AWMSG, and; manage HTA processes, including consultation phases, to achieve the desired outcomes to time, message and budget

The successful individual will matrix-lead cross-functional teams in the development and submission of evidence dossiers to NICE, SMC and AWMSG, as well as overseeing HTA processes, including consultation phases, to achieve the desired outcomes.

About the Role

Location

This role is based in the London office in the UK on a hybrid working basis which requires 12 days per month in the office.

This role does not offer relocation or visa support so please only apply if you have the right to work in the UK and the office location is convenient for you.

#LI Hybrid

Your responsibilities:

- Delivering high quality submissions
- Identification of critical evidence gaps early to inform global and UK opportunities to develop timely solutions
- Global interaction to ensure that the UK needs are understood and prioritised
- Be the UK internal source of HE&OR/HTA expertise, and keep abreast of trends and developments
- Effectively engage to ensure positive interactions with HTA bodies and effectively represent the company at public committee meetings and other HTA-associated meetings as required (e.g. with NHSE)
- On-time, on-budget delivery of the evidence and HTA submission/responses
- Internally communicate the HTA strategy, risks and mitigation plans to enable meaningful wide stakeholder engagement
- Manage internal and external suppliers to develop, adapt and validate HTA deliverables (e.g. systematic literature reviews, indirect & mixed treatment comparisons, health economic models, and submission documents)
- Manage cross-functional teams in developing high-quality HTA submission dossiers and high-quality

responses to consultations, questions and requests from HTA bodies

Conceive and/or implement HE&OR evidence generation projects to address data gaps for HTA submissions and manage/support their delivery in accordance with company processes

Minimum requirements

- MSc in Health Economics or similar discipline
- Strong understanding of HTA needs and proven experience of developing and delivering high quality HTA submissions
- Excellent written and verbal communication skills with a broad range of stakeholders
- Demonstrate a customer-focused mindset, with strong working knowledge of UK healthcare system and stakeholder management
