

Associate Director - Reporting & Analytical Products

Job ID
REQ-10031066
Feb 18, 2025
India

Summary

- This role will be responsible for providing reporting, analytics and data, across different People & Organization(P&O) COEs: and the broader P&O function as well. The candidate will support the Analytics & Insights leadership on aspects of reporting and analysis, including data assessment, strategy, validation, as well as interpretation of the results
- This role will be extensively responsible for leading/collaborating for all the activities related to designing, development and maintenance of P&O Reporting & Analytics products on Power BI, Workday etc.

About the Role

Key Responsibilities:

- Define the key performance indicators (KPIs) and measure the impact of analytics products on the business, providing regular updates to stakeholders. Leverage upon effective storytelling while imparting insights from data
- Collect, analyze and interpret information to generate meaningful insights to enable/support P&O teams in critical decisions/initiatives
- Provide accurate and timely generation of reports using a triage of single or multiple sources, as required. Synthesize the information and identify meaningful trends for relevant stakeholders
- Collaborate to gather requirements and specifications to gain a better sense of shortcomings in reporting & visualization, if any and recommend solutions to enhance reporting and data management.
- Support Analytics & Insights leadership with opportunities for standardization/automation and scale, operational efficiency and continuous improvement in areas of reporting & creation of products/solutions
- Partner with teams in Analytics & Reporting to execute plans to improve stakeholder satisfaction with a focus on processes
- Serve as subject matter expert for reporting & analytics tools; assist with troubleshooting reporting issues and taking care of questions.
- Embrace latest technology & partner across teams in Analytics & Insights/PTDI for supporting the leadership in areas of productization, new product development & dashboard strategy
- Seek continuous improvements to improve the capabilities & efficiency
- Maintain full compliance with internal and external guidelines

Essential Requirement:

- 8+ years experience in in data analysis, reporting, and dashboard creation, advanced knowledge on Excel

- Proficiency in Power BI and other data visualization tools. Experience with automation tools.
- Exceptional written and verbal communication skills along with collaboration and listening skills
- Ability to ideate requirements & design iteratively in collaboration with other PTDI teams
- Hands-on expertise to present any new capabilities or KPI dashboard demo for Senior stakeholder
- Strong analytical skills, attention to detail, excellent communication skills, and the ability to work collaboratively with cross-functional teams.
