Zusammenfassung

Novartis is able to offer relocation support for this role. Supports the Director – Public Cloud Platform Engineering in representing IES - Cloud Platform towards the Functional IT organizations, ensuring that products delivered in AWS & Azure are fulfilling business requirements and provided value. Represents business & functional IT in the agile ceremonies and release delivery.

About the Role

Your key responsibilities:

- Act as the primary contact between Public Cloud service delivery, Functional IT (enabling Functions) and business for AWS & Azure product and cloud footprint expansion.
- Ensure IT services are aligned with business strategy, business objectives, business requirements, standards and regulations.
- Understand the processes, plans, objectives, drivers, and issues related to the business capability, as well as the appropriate external policies and regulations to correctly prioritize release delivery.
- Identify and qualify new demand with overall responsibility for providing input to the AWS & Azure product backlog and SCRUM teams.
- Provide IT consulting to the stakeholders, educate them on IT & Public Cloud processes and methodologies.
- Educate stakeholders on Public Cloud specifics,
- Enforce Public Cloud engagement model to provide a uniform approach on handling requirements and delivery.
- Create and maintain the Public Cloud Release Plan in line with the requirements from the APD/NON-APD organizations & IES. Use it as input to the Public Cloud Service Strategy.

Commitment to Diversity & Inclusion: :

We are committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

What you'll bring to the role:

- Certification for Scrum Master role is desired from affiliation such as Scrum.org, (PSM) Scrumalliance.org (CSM), Scaledagile.com, PMP etc.
- Overall, 10 + years of experience in Product/Program Management with focus on Platform Infrastructure
- Demonstrated leadership skills in guiding cross-functional teams and driving product success.
- Excellent communication and interpersonal skills to effectively convey ideas and collaborate with diverse

teams.

- Understanding of Cloud technologies, including IAAS, PAAS & SAAS

You'll receive:

Monthly pension contribution matching your individual contribution up to 3% of your gross monthly base salary; Risk Life Insurance (full cost covered by Novartis); 5-week holiday per year; (1 week above the Labour Law requirement) ; 4 paid sick days within one calendar year in case of absence due to sickness without a medical sickness report; Cafeteria employee benefit program – choice of benefits from Benefit Plus Cafeteria in the amount of 12,500 CZK per year; Meal vouchers in amount of 105 CZK for each working day (full tax covered by company); Car Allowance; MultiSport Card.
