República Checa

Resumen

An exciting opportunity for Corporate Income Tax experts. We are looking for someone who is passionate about innovation, technology and tax, self-driven and motivated to join a very high complex digital transformation program, impacting 65+ countries and regions at Novartis, a leading global medicines company.

About the Role

Role responsibilities;-

- Tax accounting, tax calculation, IFRS tax reporting
- Business acumen: very good understanding of various worldwide data models
- Curious and forward looking
- Digital savvy: very good grasp of the impacts and opportunities of data and technology will create to Novartis
- Leadership skills: ability to inspire change, involve country-experts and effectively communicate to relevant stakeholders
- Work closely with IT Experts, tax process owners and country experts, to ensure integrated and standardized solutions across the organization.

Major Accountabilities

- Design the functionalities of new Direct Tax application and functionalities to support corporate income tax accounting, calculation and reporting
- Assist in the development, testing and deployment of the application
- Liase with global process owners, project peers, country accounting and corporate tax experts, to ensure the designed solution fits with global and local business and legal requirements
- Collaborate with IT experts, to ensure that design decisions are aligned with Novartis architectural standards, performance, quality and security principles
- Liase with project management and project leads to ensure that project work is delivered to agreed time, cost and quality constraints following the release calendars
- Create and maintain project documentation, training and educational material of the processes

Education and experience

- University level degree
- Previous experience in tax department, tax and financial accounting in multinational companies
- Additional Project Management training, a certification/designation desirable
- Lean / Six Sigma Certified advantageous

- SAP knowledge preferred
- Excellent verbal and written communication in English
