Resumen

Job location: Barcelona, Spain About the role: The Senior Analyst, Investor Relations Strategy plays an important role in developing and executing the investor relations strategy at Novartis, including collaborating with stakeholders across the company to report on key financial information and preparing analytical work on topics including valuation, returns, and shareholder and industry trends

About the Role

Your responsibilities include, but are not limited to:

- Collaborate with stakeholders across the company to gather information related to quarterly financial performance and ensure the accuracy of data and alignment of external messaging
- Support development of earnings and investor communications materials including presentations, press releases and financial reports
- Monitor sell-side coverage and provide insightful summaries to senior management on industry developments, market trends, financial results and competitor performance
- Track and maintain sell-side estimates, ratings, consensus and other relevant data
- Research and create strategic analyses addressing topics including valuation, returns, volatility and business performance
- Develop quarterly market update presentations for the Board of Directors
- Prepare analyses on institutional ownership and share trading flows and support investor targeting projects

Minimum Requirements:

Work Experience:

- Bachelor's degree required
- Experience in investor relations, equity research, corporate finance or other relevant fields
- Knowledge of finance processes, especially planning and forecasting, performance management, management reporting

Desirable Requirements:

- Strong execution with timely delivery of reports and analyses
- Efficient process management and sense of urgency
- Impactful contributions to strategic projects
