España

Resumen

Professionally provide high quality project coordination/management, administrative and operational support for the C&G Strategy & Customer Operations team with select support for their teams. Team player who is proactive and can successfully handle multiple assignments with competing priorities in a fast-paced environment, while proactively reaching out within the organization to find solutions, anticipate needs, have excellent attention to detail, and function as a partner.

About the Role

Major Accountabilities:

- Support the creation and implementation of Strategy & Customer Operations projects and initiatives within a specified timeframe, scope and budget, ensuring strong alignment and cooperation with the cross-functional teams.
- Key responsibilities include: heavy calendaring; travel arrangements; processing expense reports; purchase orders; arranging virtual and face to face meetings; maintaining function org charts.
- Support budget (\$/FTE) planning and tracking in alignment with business priorities.
- Craft and deliver internal and external communications.
- Assist the preparation of key documents and presentations for senior stakeholders.
- Organize and coordinate large face-to-face and virtual meetings such as Town Halls, Forums, etc.
- Maintain a high level of confidentiality and securely handle sensitive material with all levels of management, in a professional manner.

Essential Requirements:

- Excellent interpersonal and written/oral communication skills required for interaction internally and with external partners, ability to lead by influence.
- At least 2+ years project management experience.
- University degree.
- Good proficiency in project management and presentations development. (strategy, concept, design) is required.
- Proactive, hands-on and curious professional.
- Strong understanding of Novartis Pharmaceuticals and or Pharmaceutical Industry organizational policies and procedures will be an advantage.
- Strong communication skills & learning agility.
- Prior experience in working for a multinational/matrixed organization would be advantageous.

- Technical – highly proficient in project management and Microsoft Office (PowerPoint, Excel).

Desired Requirements

- Prior experience in working for a multinational/matrixed organization would be advantageous.
