Resumen

~Proporciona soporte científico, médico, farmacéutico y técnico no solicitado y de alta calidad mediante la respuesta de información médica/científica precisa y oportuna para todos los clientes de consultas internos y externos (ej. expertos médicos, consumidores, pacientes, interesados internos) de solicitudes/requerimientos de información médica variada en toda la cartera de productos de Novartis.

About the Role

Key responsibilities:

- Provide medical and technical information to healthcare professionals, consumers and internal staff on a wide range of products and therapeutic areas.
- Provide timely, accurate, balanced and up-to-date scientific responses based on Global Guidance Documents.
- If the response is not in GGDs; search, evaluate and summarize the literature using critical judgment and professional/scientific expertise
- Prepare accurate announcements in order to disseminate official drug information for compendium entries to meet patient, medical and legal requirements.
- For assigned products, create and maintain scientifically balanced product-specific medical information standard response documents in the MI database.
- Assist with compliance and safety teams for documenting and reporting adverse drug reactions as well as technical/ product complaints requiring specialist input.
- During scientific interactions; collect, synthesize and communicate insights relevant for brand or any issues in market place – e.g. quality, supply, enquiry patterns.

Essential requirements:

- University degree in life science is mandatory, physician (MD) is desirable
- Validated experience in similar roles, preferably in teaching or training activities
- Partner engagement
- Deep understanding of national Healthcare System
- Proficient in English & Spanish
- Cross-functional collaboration
- Strategic mindset / agile learning / strong communications skills to multiple audiences
- Availability to travel up to 60% of time
