Resumen

Customer Operations will be responsible for monitoring the entire patient infusion journey, connecting all necessary parts, minimizing the chances of disruption, ensuring the best experience for the Novartis customer.

About the Role

Key responsibilities:

- Taking holistic view of the patient's entire infusion journey, aligning all steps to have a complete infusion without disruption.
- Keep contact with the hospital "Nurse Navigator" role to align all the information needed.
- Work closely with the Patient Support team to confirm product delivery and infusion date, the patient can be at the hospital on the infusion date.
- Support the hospital with the order placement system.
- Maintain cross-functional communication to ensure that the necessary processes occur at the right moment so that the patient's infusion ends without interruption: Contact with the Plant to monitor production / Contact with the Customs Broker and Regulatory area to guarantee the import process of radioactive products with CNEN.
- Be the focal point of contact in relation to customs clearance procedures at the airport for the proper prioritization of the product, respecting its expiration date of 5 days for infusion.
- Be the Novartis point of contact for all stakeholders (international and local) involved in the end-to-end process of the treatment
- Ensure that the entire experience is reflected throughout the complete patient's treatment across the possible 6 doses of infusions.
- Keep the cross-functional team (customer service, customs broker, tax, finance) informed and aligned regarding each hospital's processes.
- Work very closely with the Customer Solution Manager (CSM) providing the support needed.
- Be responsible for customer master data creation and maintenance
- Support the 0Clinical Trial team with the end-to-end process for all trials related to radioligand therapies

Essential Requirements:

- Previous experience in International Trade (Import/Export) or Supply Chain.
- Holistic view of the Hospital, Novartis and Patient ecosystem (matrix work).
- Fluent in English.
- This position may require vacation and holiday coverage according to the needs of the process with the client.

Desirable Requirements:

- Experience in the pharmaceutical industry.
