Resumen

Novartis Corporate Centers (NOCCs) are vital to Novartis' objectives, serving as talent hubs that facilitate collaboration, innovation, and high performance. Approximately 12-15% of the company's workforce is based in NOCCs, which are situated in six cities: Mexico City, Ljubljana (recently added), Dublin, Prague, Hyderabad, and Kuala Lumpur. These centers accommodate large teams across various business units and global functions, including Global Business Solutions, Global Drug Development, Data Digital and Information Technology, Finance, People & Organization, Procurement, Quality, Supply Operations, Ethics, Risk & Compliance, and more.

The purpose of this role is to drive and deliver the operational elements of the Novartis Corporate Center Kuala Lumpur (NOCC KL) to ensure appropriate governance and operations rigor to run a high performing organization of 500 associates. This role is a critical support to the NOCC KL Head to ensure the operational effectiveness of the Centre.

The role comprises of delivery responsibility for three essential NOCC pillars; ensure site governance and operations, program delivery of global and local initiatives, and enable site engagement.

As NOCC hosts BUs and Functions, this role is critical in building a cohesive and synergistic high performing NOCC

About the Role

Your Responsibilities:

Your responsibilities include, but not limited to:

Ensure Governance and operations:

- Develop the NOCC KL strategy, key priorities and lead key site initiatives by working together with the leadership team.
- Drive transparency in performance, decision making and audit trail by developing and pushing optimal set of tracking measures, metrics, scorecards, minutes and follow up evidence.
- Execute optimal operational governance for NOCC KL by chairing/co-chairing relevant meetings, driving operating rhythm and ensuring optimal alignment of work streams and deliverables.
- Collaborate with BU and functions leaders to produce and manage performance dashboards with site-related metrics that support data-based decision-making under with consistent and constant parameters.

Program delivery of global and local initiatives:

- Support the enhancement of overall value proposition of NOCC KL by leading and supporting strategic and operational programs that optimally position the Centre
- Facilitate and drive change in a heavily networked / matrixed environment managing key project stakeholders through to project implementation.
- Manage and support multi-disciplinary project teams or workstreams across a range of site driven programs.

Enable site engagement:

- Co-implement programs that drive employee engagement and sense of belonging at work
- Promote a culture of continuous improvement and conducive to good teamwork among colleagues
- Facilitate best practice sharing among domains and groups within the NOCC and cross-NOCC locations.
- Strong external focus on ecosystem and key market trends, leveraging industry best practices as appropriate.

What you'll bring to the role:

- Bachelor's degree in business, finance, or economics.
- Minimum 10 years of proven experience in strategic planning, operations and performance management.
- Ability to analyse data, identify trends to enable informed decisions for continuous improvement of the Centre
- Excellent communication, interpersonal, collaboration and stakeholder management skills.
- Passion in building people-centric culture and capabilities
- Track record of driving organization change and successfully managing transformations including operating models, technology, and business services
- Experience in working in large / international companies preferable in globalized services, in matrix environments.
- Preferred to understand Pharma industry (life sciences Business Process Outsourcing experience is a plus).
