Taiwan

Resumen

Responsible for environment shaping, legislative and policy advocacy strategies and execution in support of our business strategies, achieving company goals and enhancing company reputation.

About the Role

Major Accountabilities

- Build and strengthen Novartis relationships with stakeholders (particularly key policy makers, advisors, and influencers, KOLs, patient group leaders) to facilitate mutual understanding and alignment for long-term business success, patients' benefits, and other common goals, such as innovation recognition, sustainability of both healthcare system and the society (ESG).
- Bring in environmental intelligence and policy makers' insights to support business leaders' decision making, acting as a trusted source of information to the internal stakeholders
- As one of the company's contact windows, ensure Novartis' perspectives embedded in policy advocacy works in key trade groups
- Strategically work with cross-functional teams to improve access and policy environment to drive positive impact on patient outcomes, especially in focus therapeutic areas/brands
- Work with Communications & Patient Advocacy team on issues and crisis management to protect company reputation; proactively position Novartis as trusted partner in the healthcare industry

Key Performance Indicators

- Novartis leadership positions and influencing power in key trade groups recognized by positive feedback and outcomes
- Effective stakeholder engagement
- Other deliverables defined in projects

Ideal Background

Education

- Master's degree in political sciences related, health care related or MBA

Language

- Fluent Mandarin Chinese (written & spoken)
- Fluent English communication (written & spoken)

Experience

- At least 5 years or above Public Relation/communications , Access, or Commercial experiences in Pharma/Health Care industry or related. Government organization experiences is a plus.
