

Solutions Design Lead

Job ID
REQ-10042358
Feb 26, 2025
Portugal

Resumen

Ensure the selection and deployment of innovative solutions (both digital and non-digital beyond the pill solutions) with the aim to address/solve specific pain points in the patient & customer journey. The ultimate goal is to accelerate time to treatment and ensure a better customer experience. Select and customize solutions from the solution portfolio that meet the needs of the customer, aligned with our strategy

About the Role

Major Accountabilities

- Support Patient/Customer Journey mapping, pain points identification and prioritization.
- Support Commercial and Marketing teams, identifying possible solutions based on customer needs and feedback, facilitating processes from a practical field perspective and aiming successful implementation.
- Support the design and development of Solutions.
- Select the most appropriate solution from the solution portfolio, based on needs identified by the customer and marketing teams, the product life cycle (pre-launch, launch, break-even, peak sales, and maturity) and patient journey phase (diagnostic - treatment - adherence), and customer feedback.
- Customize solutions to suit the needs of Novartis and customer base.
- Support the Digital Medicines strategy by implementing digital solutions.
- Continuous interaction with multiple stakeholders; internally (Business Areas, market access, HEOR, public affairs, medical, digital, legal and compliance, procurement & purchasing, finance) and externally (customers, vendors, etc).
- Interact with external vendors, identifying project/ solution needs and supporting during the deployment stage.
- Partners with customers to collect information and gather insights to support solution design.
- Provide input into development of KPIs, especially as it relates to feasibility of measurement and optimal collection frequency.
- Monitor solutions implementation, implement corrective measures and measure impact, providing timely feedback to respective stakeholders
- Interact with others in a positive and constructive way, being open to diversity and aligned with corporate guidelines, in order to guarantee Novartis has a working environment free from all forms of discrimination and harassment as well as contributing to a positive and inclusive working environment.
- Work within Integrity and Compliance policies and ensure those around him/her do the same, complying with job Excellence Standards to contribute to the alignment with Novartis Global procedures and objectives.
