

# Production Head

Job ID  
387667BR  
Mai 07, 2024  
Pays-Bas

## Résumé

As Production Head you will be managing a team of 15-20 production technicians, product support specialists and site cleaning staff. You will report to the Site Head.

## About the Role

Advanced Accelerator Applications, a Novartis company, is an innovative medicines company focused on the development of products for targeted radioligand therapy and precision radioligand imaging. We are committed to transforming patients' lives by leading innovation in nuclear medicine.

**Location:** Baarle-Nassau, Netherlands #OnSite

### Key Responsibilities:

- Operate in an environment where people develop to be the best version of themselves and where the team comes together to learn
- Make sure people are safe, both psychologically and physically
- Create and maintain a quality and safety culture amongst production technicians. Encourage people to be curious and inspired
- Ensure GMP compliance through a culture of driving 'right first time' execution and solid process design
- Adhere to schedule through stable execution, understand people, process, machine and material
- Drive operational excellent through Continuous improvement, learning from weak signals
- Scale for growth, manage risk appropriately in day-to-day decisions

### Essential Requirements:

- Minimal 3-5 years in a supervisory role in a pharmaceutical manufacturing, environment
- Total career tenure of 8-10+ years
- Experience in coaching and mentoring of staff
- Ability to lead large team (>15-20 associates long term)
- Experience in implementing improvements through application of Lean philosophy

### Desirable Requirements:

- Ideally in food or GMP environment, regulated with a lot of exposure to safety
- Understanding of radiation safety is a plus

## Why Novartis?

Almost 1 billion! That's how many lives our product touch globally. And while we're proud of that fact, in this world of digital and technological transformation, we must also ask ourselves this: how can we continue to improve and extend even more people's lives?

We believe the answers are found when curious, courageous, and collaborative people like you are brought together in an inspiring environment. Where you're given opportunities to explore the power of digital and data. Where you're empowered to risk failure by taking smart risks, and where you're surrounded by people who share your determination to tackle the world's toughest medical challenges.

**You'll receive:**

You can find everything you need to know about our benefits and rewards in the Novartis Life Handbook.
