Japon

Résumé

About the Role

Major Accountabilities

9.4 billion spend on Research and Development. That commitment resulted in 24 major regulatory approvals in 2019 in the US, EU, Japan and China.

1. Provide the single point of contact on assigned projects/programs to stakeholders including Marketing, Sales and Global teams as a leader
2. Provide optimal recommendation on Japan development strategy to Global Program Team (GPT) and/or Global Brand Team (GBT)
3. Encourage and negotiate with GPT/GBT to integrate Japan program strategy into the Global Program/Brand strategy through a direct relationship with Global Program Head (GPH) or Global Program (Executive) Director (GP(E)D)
4. Maximize Project portfolio in assigned Therapeutic area ensuring Global alignment
5. Responsible for project management for assigned projects/programs. Consolidate, align and represent JPT's position to GPT/GBT and vice versa
6. Set-up, drive and monitor assigned projects/programs by leading JPT and collaborating with GPT including adequate risk management adhering to compliance with international and local regulations
7. Coach JPT members and ensure that JPT members have the skills and capabilities to enable operational delivery of projects/programs
8. Quality accountability: Ensure adequate reporting of adverse events/technical complaint/compliance issue in accordance with company procedures and 100% timely delivery of all training requirements including compliance Education(minimum/desirable):
BSc or MSc in Life science or Marketing

Languages:

High command of English language to reflect and represent Japan's interests for assigned projects/programs in Global environment

Experience / Professional Requirement:

1. > 5-year experience in development and commercialization of pharmaceutical products
2. Thorough knowledge of drug development, portfolio management and/or marketing

3. Successful track record of project management
4. Hands-on experience of international drug development (Having made major submissions is preferable)
5. Leadership skills with strong strategic thinking, i.e., able to understand how external influence affects strategy and how change of strategy affects tactics
6. Strong interpersonal skills and expert team player with demonstrated ability to build collaborative relationship
7. Excellent verbal and written communication skills including networking and alliance building, i.e., able to utilize available assets to develop strategy and find opportunities for collaborations
8. Strong job record meeting personal or team's goal

Why consider Novartis?

817million. That's how many lives our products touch. And while we're proud of that fact, in this world of digital and technological transformation, we must also ask ourselves this: how can we continue to improve and extend even more people's lives?

We believe the answers are found when curious, courageous and collaborative people like you are brought together in an inspiring environment. Where you're given opportunities to explore the power of digital and data. Where you're empowered to risk failure by taking smart risks, and where you're surrounded by people who share your determination to tackle the world's toughest medical challenges.

We are Novartis. Join us and help us reimagine medicine.
