Résumé

Work location: Barcelona. In this role you will manage any step within the release to invoice process, like ensuring daily invoicing. In some specific products as Gene Therapies, you will manage as well any step in the order to cash process. Scope also includes customer's complaint management, invoicing process, issue credit notes and returns management, and management of processes and new projects related with new technologies in order to improve Customer Experience. This is a great opportunity in the Customer Experience department at Novartis, in which you will have daily contact with different areas, such as Order to Release, Demand, Customer Master Data, Market Access, Risk and Credit, Finance.

About the Role

Major accountabilities:

- Responsible for the daily tasks of the invoicing process and ensure invoices are sent to customers in time.
- Review and control the information in the system
- Coordinate the process of digitalization of the customers (orders and invoices), helping with all the EDI connections and tasks between Edicom and the customers.
- Participate in customer experience projects
- Takes ownership for customer invoicing complaints. In case of invoice mismatch, investigate and find a solution either credit note, invoice or appropriate solution
- Management of customer requests: copies of invoices, delivery notes, agreements, prices
- Generate customer solution agreements (MA) in a monthly base: credit notes, free product, or any other.
- Coordinate Quality deviations (temperature or major deviation) within QA department and follow up appropriate actions.
- Manage and coordinate returns with warehouse (3PL) team, expired product or damaged. Perform next steps (invoice, credit note) or rework, or to be destroyed.

Obligatory requirements:

- Education: Business administration degree, or any related field
- 3 years of experience in Customer service, invoicing or order management role/sector
- Ability to quickly identify customer needs and exercise judgment in a professional and confident manner.
- Understanding of an order to invoice process and team work with Supply Chain, Finance, Credit.
- Exceptional interpersonal skills with good verbal and written communication.
- Fluent Spanish and English, written and spoken.

Desirable requirements:

- Knowledge of SAP4H is a plus.
- Knowledge of EDI would be highly appreciated.
