Résumé

The role is responsible for program management & coordination within the Strategy department e.g., supporting work streams, providing project execution support and planning support. The role supports programs and large-scale transformations by providing guidance, monitoring compliance with project milestones, risks and issues and reporting on program/project status at all levels of the program.

About the Role

Major accountabilities:

- Key Responsibility
 - The primary responsibility is to support the Program team in projects and operational tasks. The position holder ensures full visibility of ongoing projects progress.
 - Assist in the development of plans for a project, including the schedule, the budget, outlining the duties of each team members, identifying project goals, and setting a timeline for the project.
 - Assist the leads and the team in operational tasks, such as project coordination, organization of key multi-stakeholder meetings, etc.
 - Closely supervise each project they handle to ensure that projects remain on track, meet deadlines, stay under budget, and develop according to plan.
 - Assist the PMO Lead/Manager, Change Lead in activities and initiatives to improve capability, including developing training material, communications, and the analysis of information.
 - Regularly update program risks, assumptions, issues, and dependencies (RAID) logs

Essential Requirements:

- Masters in either a Science, Engineering, or IT with and MBA (or equivalent).
- Certified in PMP or Agile/Scrum or PRINCE2 is required.
- 5-10 years' experience in Project Management collaborating across boundaries and Geographic Scope.
- Hands on experience in areas of project management tools & methodologies
- Ability to lead medium scale projects independently.
- Partners with stakeholders to co-create value.
- Constantly in search of ways to develop, learn and apply knowledge and expertise to meet current and anticipate future challenges.

Desirable Requirements:

- Capable of working on individual assignments as per the allocation
- Pharma domain experience
