Résumé

The Director, Business Development & Licensing (BD&L) will be responsible for partnering with an extended team of US experts to develop a strategic US assessment of potential assets/companies being evaluated by C&BD (Corporate and Business Development), in order to ensure the success of the US organization. This aligned cross functional assessment will be provided to the C&BD team for inclusion into the overall global deal assessments. This role will lead evaluations, partnering with cross functional US BD&L team to co-develop business cases for potential assets/companies being evaluate and managing internal processes to advance or terminate deals as appropriate. #LI-Hybrid

About the Role

Key Responsibilities:

- Deliver against the organization's BD&L strategies and plans/objectives.
- Collaborate across US line functions to ensure go-to-market, access, M&S and other assumptions, and inputs into the business cases are aligned across different internal stakeholders deliver a unified strategic assessment of BD&L/M&A targets.
- Develop recommendations for inclusion into the overall global deal assessments.
- Manage stakeholders, present to internal leadership teams and drive internal consensus on opportunities.
- Assess business cases and different scenarios with respect to potential divestment, out licensing or co-promoting Novartis US established medicines.
- Support the formal governance process to seek and obtain approval for appropriate deal opportunities and adhere to internal BD&L review process
- Manage BD&L projects, including the prioritization of activities and resource allocation

This position will be located at the East Hanover, NJ site and will not have the ability to be located remotely. Novartis is unable to offer relocation support for this role: please only apply if this location is accessible for you. This position will require limited or 5% travel as defined by the business (domestic and/or international).

Essential Requirements:

- Education: Bachelor's Degree required
- 5+ years of relevant pharmaceutical industry experience (such as commercial, BD&L, insights and analytics, modelling, finance)
- Commercial experience and strong understanding of what it takes to commercialize/launch assets in the US (including appropriate go-to-market models, coverage, and reimbursement integration points, marketing and sales requirements)

- Experience in BD&L or M&A or equivalent skills (e.g. financial modeling, market sizing, competitive dynamic assessment, market access considerations, etc.)
- Broad critical and strategic thinking skills. Ability to analyze and interpret customer/segment trends, external trends, and pharma industry.
- Strong people management skills with a track record of leading cross-functional teams.
- Strong leadership presence and presentation skills
- Project management abilities for solution development

Desirable Requirements:

- Oncology experience preferred
- MBA or Health Policy Degree

Commitment to Diversity & Inclusion: Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

The pay range for this position at commencement of employment is expected to be between \$192,000 and \$288,000/year; however, while salary ranges are effective from 1/1/24 through 12/31/24, fluctuations in the job market may necessitate adjustments to pay ranges during this period. Further, final pay determinations will depend on various factors, including, but not limited to geographical location, experience level, knowledge, skills and abilities. The total compensation package for this position may also include other elements, including a sign-on bonus, restricted stock units, and discretionary awards in addition to a full range of medical, financial, and/or other benefits (including 401(k) eligibility and various paid time off benefits, such as vacation, sick time, and parental leave), dependent on the position offered. Details of participation in these benefit plans will be provided if an employee receives an offer of employment. If hired, employee will be in an “at-will position” and the Company reserves the right to modify base salary (as well as any other discretionary payment or compensation program) at any time, including for reasons related to individual performance, Company or individual department/team performance, and market factors.
