Résumé

R&D Quality Incident Manager (m/f/d)

Location: Barcelona Gran Vía, Spain #LI-Hybrid

RDQ Incident Management is a centralized team governing major and critical quality incidents requiring escalation. The RDQ Incident Manager (m/f/d) will drive the assessments of quality issues raised in Research and Development to ensure appropriate escalation, notification, categorization, mitigation, and health authority reporting, as well as consistency in assessment and documentation for all quality incidents. The RDQ Incident Manager (m/f/d) will be the key liaison between quality and business stakeholders to ensure satisfactory management of quality issues.

About the Role

Major accountabilities:

Your responsibilities will be but are not limited to:

- Ensure consistency in incident management process, and drive decisions on escalation, criticality, categorization of quality issues.
- Key SME on QEM system/process, as well as Key point of contact for guidance on QI process and determination of issue criticality and categorization of issues, next steps, and mitigating actions
- Governance of all QIs to ensure consistent process and adherence to QIM procedure.
- Prepare pre-reads/presentation and meeting minutes with issue owner.
- Provide oversight of QEM records not in scope with periodic review of records to evaluate adherence to IMT principles to ensure consistent approach.
- Lead and manage Health Authority reporting as needed to ensure reporting is completed in a compliant manner and that Novartis assures adequate responses to Health Authority inquiries.
- Support audits and inspections as needed.

Minimum requirements:

- Education: Minimum degree in Science, Engineering or relevant discipline.
- 8+ years industry experience specifically in clinical operations and clinical site management with a strong understanding of clinical research international standards and regulatory requirements from Health Authorities.
- Ability to work effectively in a matrix cross-functional environment, and strong capacity for working independently with minimal guidance.

- Ability to make & communicate difficult decisions, associated with strong written and verbal communication skills.
- English proficiency.

Desirable requirements:

- Audits and inspections experience highly desirable.
