Résumé

Manufacturing Systems Expert (m/f/d), Schafteuau, Tyrol, Austria

As a valued member of the Manufacturing Execution Systems' team at Novartis Austria, you will have the invaluable opportunity to gain experience of working at one of Austria's most innovative drug manufacturing plants where you will play a central role in supporting the manufacture of complex biological drug products. In line with our core value of 'Curiosity', we would more than welcome your suggestions on how we can best innovate our internal processes with the aim of improving the overall efficiency of our drug manufacturing processes. As a result of your efforts, and in close collaboration with other valued members of our automation team, you will play a decisive role in supporting the manufacture and delivery of medicines to patients while at the same time improving access to life-saving treatments for those in greatest need both at home and around the world.

About the Role

Main Accountabilities

Your responsibilities include, but are not limited to:

- Understanding the manufacturing process of drug product and how it translates into MES PAS-X
- Providing technical expertise for MES PAS-X software implementation and testing, including master batch record authoring, interface configuration, user and audit trail management
- Performing root cause investigation and correction of errors and bugs in the MES PAS-X
- Collaborating closely with local automation engineers and process experts into identifying improvements and propose solutions for MES PAS-X
- Maintaining Lifecycle documents, Functional Specifications and Test Documents
- Training of production and quality personal on MES PAS-X
- Supporting health authority inspections, audits and periodic validation reviews

What you will bring to the role:

Essential:

- Background in IT, Engineering, Computer Science or in a related field
- Two years experience of working in or with a food, drug or medical device regulated industry
- Fluency in German and English
- Experience and / or knowledge of Manufacturing Execution Systems
- Ability to translate business language into automation language

Desirable:

- Experience with PAS-X and with SAP

- Practical knowledge of Computerized Systems' Validation (CSV)

Why Novartis?

Our purpose is to reimagine medicine to improve and extend people's lives and our vision is to become the most valued and trusted medicines company in the world. How can we achieve this? With our people. It is our associates that drive us each day to reach our ambitions. Be a part of this mission and join us! Learn more here: [https://www.novartis.com/about/strategy/people and culture](https://www.novartis.com/about/strategy/people-and-culture)

Imagine what you could do here at Novartis!

In addition to a market-competitive base salary, we offer an attractive incentive program, a modern company pension scheme, childcare facilities, learning and development options as well as worldwide career opportunities within the Novartis group. In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For our regular Manufacturing Systems' Expert position the minimum salary is €58,199.96 per year (on a full-time basis). The actual salary will be significantly higher, as we strive to maintain a competitive position in the market and consider your previous experience, qualifications and individual competencies.

Disabilities: Accessibility and Reasonable Adjustments:

Novartis is committed to working with and providing reasonable adjustments to individuals with disabilities. If because of a medical condition, physical disability, or Neurodivergent condition you need an adjustment for any part of the recruitment process, please reach out to disabilities.austria@novartis.com and let us know the nature of your request and your contact information. The support which we can provide will include advice on suitable positions as well as guidance at all stages of the application process. Austrian law provides candidates the opportunity to involve the local disability representative, Behindertenvertrauensperson (BVP), in the application process. If you would like to request this, please let us know in advance as a note on your CV.

Commitment to Diversity & Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve. Our recruitment decisions are based on selecting the best person for the job, regardless of gender, religion, age, colour, race, sexual orientation, nationality, or disability.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives.
