Sommario

As Field Project Manager you will be responsible for key account management aligned with Priority Squad targets including managing specific account(s)/relationships. You will also manage the business relationship and activities with key accounts in order to foster and extend the relationship and obtain the sales targets. You will develop and maintain relationships with key stakeholders within accounts, developing deep understanding of customer challenges with respect to patients and identifying mutual beneficial solutions for both Novartis and customers that enhance patient care within Priority Therapeutic Areas.

About the Role

Internal Job Title: National Customer Engagement Manager

Key responsibilities:

Your responsibilities include, but are not limited to:

- Being responsible for driving sales, promotion and development in the designated accounts to reach commercial goals aligned with cross-functional Therapeutic Area squad team.
- Deliver the Account plans and required financial results for assigned Key Accounts; work effectively and align with colleagues in other functions on account objectives and execute.
- Lead the preparation of strategies and individual tactical plans and to give strategic input in terms of analysis, future potential and key programs required for the accounts
- Prepare and negotiate contracts, and guide initiatives that the company launches to target particular account
- Analyze market situation including competitive intelligence activities on key accounts and key competitors
- Contribute to the mapping of stakeholders, including segmentation and profiling and provide accurate and timely data for the Novartis CRM system.
- Establish and develop long-term relationships with key customers. Acquire a thorough understanding of key customer needs and requirements. Expand the relationships with existing customers by continuously proposing solutions linked to priority TAs that meet their needs & objectives.
- Account plan development and execution and knowledge of product/disease states, customer segments, and healthcare environment and regulations.
- Communicate customer insights and Account-related activities to internal stakeholders, and engage with them to pursue business opportunities within assigned Accounts
- Managing and leading care-projects at national level
- Work regionally in any given Dutch region if business requires

Essential Requirements:

- English and Dutch on a fluent level
- Bachelor or Masters' degree, preferably in healthcare science/business administration.
- At least 3 years of previous experience in a similar role (ideally in Dermatology area) in Healthcare or Pharma or related business
- Project management skills
- Market Knowledge and Network will be considered a plus
