Internal Role Title: Operations Associate Location: Sydney, Australia #LI-Hybrid Novartis is unable to offer relocation support for this role: Please only apply if this location is accessible for you.

About the Role

Join us in our mission to make a positive impact on millions of lives around the world. At Novartis, we are dedicated to finding innovative solutions to common diseases and providing hope to those with unmet medical needs. As an Operations Associate, you will play a crucial role in creating seamless interactions with customers, ensuring Novartis is the preferred partner in operations and events.

Key Responsibilities:

- Coordinate training administration, including assigning training curriculum and maintaining reporting for audit purposes.
- Collaborate with external training providers like Medicines Australia. Manage training operations, system launches, and stakeholder communication.
- Create database and drive training data management, including regular reporting
- Drive project operations, taking ownership of design, planning, and implementation to create the best outcomes for patients and customers.
- Partner with internal and external stakeholders to provide guidance on operational best practices.
- Support enabling functions with the creation and administration of purchase orders. Assist therapy areas with customer engagements, event planning and payments.
- Handle complex administrative tasks independently and contribute to strategic planning processes.

Essential Requirements:

- Proficiency in SAP, Salesforce, or Veeva CRM. Proactive problem-solving skills with can-do attitude
- Uphold integrity and compliance in decision-making processes. Strong communication skills when working with customers, healthcare professionals, and internal teams., incl. providing timely updates to internal and external stakeholder.
- Strong planning, organization, and prioritization abilities. Experience in cross-functional collaboration and innovation. Tech-curiosity with a continuous learning mindset.

- Ability to challenge current practices and drive process improvements and efficiencies
- Adaptability to organizational changes and compliance requirements (e.g., Medicines Australia Code of Conduct, Procurement and Compliance as well as T&E principles)
- Excellent stakeholder management, change management, and operational excellence skills.
- Integrity in decision making and following compliance processes across all dealings.

Why Novartis?
