Sommario

We're a team of dedicated and smart people united by a drive to achieve together. You will be responsible for the overall governance of the Novartis Health and Safety program in accordance with legislation, internal requirements, good practices and business objectives. The focus of the Novartis HSE program is to look after our people so that they can look after our patients. As part of the HSE Governance team, the person will lead a team to ensure that the occupational health and safety framework is fit for purpose. The team will establish and update the governance framework, health and safety handbooks and tools to support implementation in close collaboration with business stakeholders and will also lead or support initiatives to improve the overall performance of the Novartis HSE program.

About the Role

Key Responsibilities:

- Lead the Occupational Health and Safety Program, providing subject matter expertise, support and guidance as required to all Novartis operations worldwide. Own and update as appropriate, the HSE handbooks relating to the Occupational Health and Safety framework.
- Collaborate with Novartis HSE Extended Leadership teams and major stakeholders to develop an aligned global HSE strategy to manage risk, ensure compliance, prevent incidents and deliver industry-leading safety performance.
- Collaborate with the other teams as necessary to deliver impact and support projects (e.g. Innovation, Technology & Data Science, Corporate ERC Assurance, Enterprise Risk, Policy & Controls, Human Rights, ESG, NEM etc.)
- Collaborate with Global NEM teams on local health events and disease outbreaks which may have an impact on the business.
- Advise Operations HSE Heads and business leaders on local context and potential HSE challenges and opportunities as needed.
- Leverage external subject matter experts and other resources as needed to deliver the required results and quality of support.
- Facilitate the definition of HSE and HSE KPIs, monitors performance and analyses trends in collaboration with operations to identify improvement opportunities. ensures accurate reporting of HSE relevant data.
- Develop an overall HSE training and competency framework for HSE.
- Build and develop talent driving a continuous improvement mindset in the organization. Provide coaching and support.

- Strong background in Health, Safety and Environment (HSE) or Occupational Health.
- Knowledge and experience of implementing HSE Management or Occupational Health processes and systems and training.
- Able to concisely describe risk based HSE Management Systems to address Occupational Health and Safety risks in our operations. This includes but is not limited to Serious Injury and Fatality Prevention Programs, Risk reduction techniques, Risk Assessment, Process Safety, High Risk Activities etc.
- Strong leadership skills and experience in direct management of a team of SMEs. Able to influence leadership to implement health and safety programs.
- Curious to deploy new ideas and to use new innovative digital tools and platforms for providing HSE direction.
- Fluent English both written & verbal.
