

ASCVD DISEASE- STATE EDUCATION INTERN

Job ID

REQ-10016097

Lug 16, 2024

Emirati Arabi Uniti

Sommario

We are looking for a Post Graduate Intern with a valid UAE residence visa to join our Cardio Vascular Therapeutic Area for a 6 month internship program. • To educate healthcare providers to create a better understanding of ASCVD disease and unmet need. • Ensure the appropriate dissemination of scientific information regarding “ASCVD Disease” in a timely, ethical and stakeholder-focused manner. • To implement educational strategies in collaboration with Novartis team for designated stakeholders. • To respond to specific inquiries from Healthcare Professionals, as required. • To support in the planning and execution of Disease Awareness Campaigns

About the Role

Major Accountabilities:

Scientific Exchange/Insights

- Provide scientific and educational information to HCPs on ASCVD: Unmet need, Diagnosis, Management and follow-up.
- Collect and report insights from HCPs.

Internal Novartis Contributions

- Proactively Provides external stakeholders' insights
- Contributes to the planning and execution of a Disease Awareness Campaign

Integrity and Compliance

- Ensure relevant processes and compliance procedures are always followed.
- Works within Integrity and Compliance policies and ensures those around him/ her do the same.
- Works to ensure a diverse and inclusive environment free from all forms of discrimination and harassment.

Key Performance Indicators:

- Timely execution of Medical Expert engagement plans.
- Ability to communicate and work effectively with teams.
- Level and quality of contributions to scientific communication plan.
- Delivery of all assigned activities on time
- Successful execution of the campaign
- **Educational Preference:** Pharmacy or Life Sciences Degree Preference.

- Other disciplines will be considered, if there is a strong interest in the Pharmaceutical industry

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together?
