

Assoc. Director - Automation & Innovation

Job ID
REQ-10021068
Set 24, 2024
India

Sommario

We are seeking a dynamic and forward-thinking Innovation Lead to join our team in the workplace technology space primarily in Conferences, Printing, personal compute & telephony. The ideal candidate will be a visionary leader with a passion for leveraging cutting-edge technologies to enhance the workplace experience. This role will play a crucial part in driving our organization's technological advancement, fostering a culture of innovation, and ensuring that our workplace remains a leader in technological excellence.

About the Role

Key Responsibilities

- **Strategy Development:** Develop and implement a comprehensive innovation strategy that aligns with workplace technology roadmap
- **Technology Integration:** Identify, evaluate, and integrate emerging technologies to improve workplace efficiency, collaboration, and overall employee experience.
- **Project Management:** Lead and manage cross-functional teams to execute innovative projects from concept to completion, ensuring timely delivery and adherence to budget.
- **Stakeholder Engagement:** Collaborate with internal and external stakeholders to identify opportunities for innovation and drive initiatives that create value for the organization.
- **Research and Development:** Stay abreast of industry trends, conduct research, and pilot new technologies to evaluate their potential impact on the workplace.
- **Cultural Leadership:** Foster a culture of creativity and continuous improvement by encouraging collaboration, experimentation, and knowledge sharing among employees.
- **Performance Metrics:** Establish and monitor key performance indicators (KPIs) to measure the success of innovation initiatives and report progress to senior leadership.

Qualifications and Experience

- **Educational Background:** Bachelor's degree in Information Technology, Business Administration, or a related field. A Master's degree is preferred.
- **Experience:** A minimum of 10 years of experience in a technology-driven role, with at least 3 years in a leadership position focused on innovation and technology integration.
- **Technical Skills:** Proficiency in emerging technologies such as artificial intelligence, machine learning that we can apply in Conference services, telephony and compute
- **Leadership:** Proven ability to lead and inspire teams, manage complex projects, and drive change within an organization.

Communication

- Excellent verbal and written communication skills, with the ability to articulate
