

# P&O Portfolio Manager

Job ID  
REQ-10029750  
Dic 13, 2024  
Irlanda

## Sommario

Partner with P&O COEs (Centers of Excellence) to manage and qualify project requests, provide guidance on shaping project business cases and benefits, We're a team of dedicated and smart people united by a drive to achieve together.

You will Partner with P&O (People & Organisation - HR) COEs (Centers of Excellence) to manage and qualify project requests, provide guidance on shaping project business cases and benefits, ensuring alignment with the P&O Strategy. Manage and maintain the P&O Portfolio Office tools and processes. Ensure P&O stakeholder needs are translated into prioritized requirements to develop and maintain solution roadmaps, support user adoption and overall portfolio performance. Support delivery of priority P&O projects / programs as required.

## About the Role

### Key Responsibilities:

- Collaborate with COE project requestors to shape project demands, provide guidance and support on adhering to the P&O Project Management tools and processes.
- Provide training and support to P&O project managers and teams to enable effective usage of portfolio products, tools and processes. Use stakeholder feedback and insights to drive continuous improvement in portfolio management and ways of working.
- Support adoption, schedule information sessions, clinics and formal training on portfolio products, tools and processes as required.
- Support the definition of the roadmap for P&O Portfolio and Project management products, tools and processes.
- Gather requirements from stakeholders and prioritize based on business value, feasibility, and strategic goals.
- Maintain, execute, and enhance the P&O Portfolio Office reporting suite.
- Perform / co-ordinate testing cycles of products, tools, reports, and/or processes prior to scaled rollout.
- Own and execute day-to-day product & tool admin activities (e.g. Add/revoke user access permissions, simplex configurations, ticket management).

### What you'll bring to the role:

- Bachelor's degree in business discipline, Computer Science, or a related field.
- Proven experience in a portfolio and project management context with Strong knowledge of project management methodologies, tools, and best practices.
- Strong work experience in a problem-solving capacity and/ or as project leader / managing multiple senior stakeholders across various functions & geographies.
- Analytical mindset with strong problem-solving skills with experience of tools such as PowerBI.
- Exceptional communication and collaboration abilities, with the capability to build effective relationships with stakeholders at all levels. Strong leadership and influencing skills, with the ability to drive change and foster a culture of continuous improvement.
- Excellent organizational and time management skills, with the ability to prioritize and manage multiple projects simultaneously. Ability to operate with significant autonomy and discretion. Experience working in an Agile development environment.
- Excellent oral & written communication with fluency in English with other languages desirable.

## DESIRABLE CRITERIA

- Management Consulting experience.
- Certification or experience in project management.
- Experience with Human Resources trends, best practices, and technology solutions.
